"Since moving to Hermantown, in 2007, my husband Joe and I have seen a tremendous desire from the community to grow and change. Our schools are in the process of updating and building new. They will continue to enhance the solid education provided to children in this community. New businesses are welcomed; innovative ideas are being presented to enhance health, recreation, and community inclusiveness for citizens of all ages. Overall, people are very excited to be a part of this exciting movement in Hermantown. The city remains rooted in its traditions and yet is progressive enough to welcome this innovative growth and change as it looks for ways to positively impact its residents. It is a beautiful blend of old traditions and new opportunities and Hermantown has managed to embrace both!"
