"Since 1952 our family owned, three generation landscaping business has been located in Hermantown. With the growing prospective in the community we knew our business would have the potential to be successful here. Having our business located in Hermantown is unique because it's close to all surrounding communities and easy for our customers to find us. Hermantown is a progressive community which will benefit other businesses and residents in years to come. It's a peaceful place to live and work in. I can't imagine living anywhere else."

-Eric Grussendorf, Owner,
Grussendorf Nursery
& Landscaping
